### MANAGEMENT'S DISCUSSION OF MONTHLY RESULTS

**Information on trends and events in the marketplace of the issuer, which may, in the issuer's opinion, have important consequences in the future for the financial condition and results of the issuer:**

BGS biogas is finishing currently the biggest project so far – Przykona 1,8 MW. This project is realised in Poland nearby the city Turek. It is interesting not only thanks to its size but also due to the several systems of heat usage.

Start of the electricity production of this project is scheduled to April/ May according the finalising all necessary approvals concerning the grid connection.

**Information concerning how the capital raised in the private placement was used in the calendar month covered by the report, and whether any of the contributed capital was spent during the month:**

In the period covered by the report there was no use of funds raised from private placement.
