BGS ENERGY PLUS a.s.

For the period from 1 to 31 March 2010

1 Information on the occurrence of trends and events in the market environment of the issuer, which in the issuer's opinion May have important consequences in the future for financial condition and results of the issuer

The BGS Group participated at Techagro 2010 exposition, which is important agricultural exhibition in the CEE region. The Group presented especially business activities of the UTS Biogas, a.s. and we registered big interest in the advanced technologies with good operational results of our referential biogas stations. We have noticed the big interest of Slovak agriculturists, so we are now looking for the Slovak business partner.

Problems with the grid connection of new biogas plants

The last months development has finished the final legislation change. The new regulations are more favourable for biogas business compare to photovoltaic speculators. The price regulations will be clear when the executing notice will be published.

UTS Biogas, a.s. business

The clients already asked for subsidies during February and the business negotiations started.

New BGS acquisition

The Group is looking for the new agricultural acquisition. We would like to realise Ovesna Lhota biogas station (620kW) connected with agricultural production. It would minimize our dependence to external agricultural products purchasing.

Zavidkovice March production

We produced 459 068 kWh energy in Zavidkovice biogas station in March. It means 99,5% of the installed capacity. So we invoiced CZK 1 743 911,-.
